Township Proposed Budget Discussion

Treasurer Speck presented the proposed budget to the Board.

Discussion: Kinne presented the Board with the Road Commission's proposal for road work. Kelly Jones was asked by Clerk Parsons to look over the proposal and give input. She reported that she drove the roads of Ingham Township with head of the Road Commission, Bill Conklin. She feels it would be best for the Township to maintain the current paved roads and not put money into paving any additional roads at this time. With the \$33300.00 matching dollars that the County is funding we could purchase 750 tons of material and the labor to wedge and chip seal the roads that are in need of repair. Bill Conklin agreed that this would give the Township the most for the amount of money.

Kinne agreed and proposed that we budget \$33,300.00 in roads this year for wedging.

Fire Department Proposed Budget Discussion:

Fire Chief Tim Whipple presented the proposed budget.

Discussion: Chief requested the change of an additional \$1500 in the line item for training. Changes to line items made were that the money was allocated to account line to be distributed to the sub-accounts as needed.

Parsons made the motion which was supported by Speck to adjourn special meeting. All in favor.

Meeting was adjourned at 7:05.

Respectfully submitted by

Marie E Parsons, Clerk
